LPEA's Capital V becomes... [Private Equity Insight/Out - Issue 1](#)

Dear Reader,

In less than one month Luxembourg will welcome the 2nd edition of LPEA Insights, the flagship event of the Private Equity community in Luxembourg.

### ***LPEA Insights 2018: Building the Real Economy***

While in the first edition our focus was to "educate" newcomers to the asset class, this year we want to go further and demonstrate the impact of the sector in the real economy by showcasing dedicated case studies, debating value creation in private equity-backed businesses and understanding why investors are increasingly attracted by private equity.

Bringing together over 300 participants, many of which PE/VC fund managers, the LPEA Insights features a diverse and international panel of speakers and provides a meeting point for PE professionals like nowhere else.

To learn more about the LPEA Insights visit [www.lpeainsights.lu](http://www.lpeainsights.lu)!

Best regards,

*Paul Junck*

The Luxembourg Private Equity and Venture Capital Association (LPEA) is the representative body of private equity and venture capital professionals in Luxembourg.

With 165 members, LPEA plays a leading role in the discussion and development of the investment framework and actively promotes the industry beyond the country's borders.

Luxembourg disposes of a stable tax regime and is today at the forefront of international PE regulation providing a flexible, secure, predictable and multi-lingual jurisdiction to operate in.

LPEA provides a dynamic and interactive platform for its members to discuss and exchange information and organises working meetings and networking opportunities on a regular basis.

If Luxembourg is your location of choice for private equity, LPEA is where you actually join the industry!
